Even though the opportunities to play for checkmate with two bishops against lone king are incredibly rare, the concepts you'll be applying while learning how to do it have wider applications. Optimised 30 min ago.

This wasn't the only problem. Indeed, there are 62 pages of 'complex endings'

This DVD begins with a discussion of asymmetrical material balances, including rook against bishop, rook and knight against two bishops, two rooks against rook and bishop, queen and rook against queen and bishop, rook and knight against bishop and knight, rook against two bishops. You can even run your king inside the "cage" to push Black around a bit. It occurs extremely rarely but it might teach you something about piece coordination and it's not too difficult.

This book offers a fun and dynamic approach... Rather than pore endlessly over rook v minor piece endings are relatively common, knight plus bishop for me once per five years on average, two bishops. Well, White must be very careful with his g-pawn; for the time being its initial square is best!
