Withoutabox Submit to Film Festivals. The idea that norms and
values are born out of conventions can be traced back to the
Greek historian Herodotus c. This entry focuses on the
development of Baudrillard's unique modes of thought and how
he moved from social theory to postmodern theory to a
provocative type of philosophical analysis.
Revolution is absorbed by the object of critique and technological implosion.
Could it be brought home to people that there is no absolute
standard in morality, they would perhaps be on the one hand
more tolerant and on the other more critical in their
judgments. The current situation, he claims, is more fantastic
than the most fanciful science fiction, or theoretical
projections of a futurist society. From ancient Greece and
Rome, to Christianity, to the Reformation, to the national
revolutions of the twentieth century, what we today call
"Europe" has been a succession of projects in the name of

ecclesia or community.

StanfordUniversityPress;1editionFebruary20,Language:It is thus tricky to argue with Baudrillard on strictly philosophical grounds and one needs to grasp his mode of writing, his notion of theory fictions see Section 5and to engage their saliency and effects.
