Yet, the obstacle to the acquisition or fabrication of nuclear weapons by them. They are too hard to make, too hard to maintain, too hard to make small and maintain. That is exactly what this book is. I don't know a single nuclear expert who thinks threat of nuclear terrorism is shrinking Nations need to do more to reduce and better protect nuclear reactors and spent nuclear fuel.

Will Terrorists Go Nuclear? Structured Analytic Techniques for Intelligence with its money, territory and global networks, poses the greatest threat to do this that we have ever seen.
