Based on a comprehensive survey, administered at the end of nine European and nine Asian countries, this book demonstrates the diverse responses to globalization, within, and between, two of the... Paperback – Routledge Routledge Advances in International Relations and Global Politics. This volume explores the case for and the prospects of the development of world-regional social policies as integral elements of a pluralistic, equitable and effective system of global governance. The authors then provide empirical analyses of instances of mediation in 20th century international crises, which is supplemented with data derived from simulated negotiation settings with human subjects.

While recent accounts of the topic place much emphasis on climate change or economic sanctions, this book shows how international crises are dangerous episodes that can be. Economic Sanctions are increasingly used as a legal, non-military technique of combating abusers of international peace. All instructor resources are now available on our Instructor Hub.

Taking stock of the evolution of... The author challenges the notion that IR has a new book shows how international crises are dangerous episodes

that can be destabilizing not only to the actors directly involved but also to the entire international .
