Social and cultural factors dominate all others in affecting fertility. If you are constantly bashing yourself and saying you're not good enough, aren't attractive enough, aren't smart enough or athletic enough, and on and on, you are creating a self-fulfilling prophecy.

GeneticFortuneTellingBreakthroughScientistscannowuseyourgenometopredictyourfuture

This figure was then compared with the medium-variant UN population projections. If you feel your self-confidence dwindling, take a look at those lists and let yourself feel and be inspired all over again by you. In developing countries, the young predominate.

ChangesinMobility3.ChangesinMobilityThese figures could be substantially higher if the area under food production and the productivity of 3 billion hectares of permanent pastures can be increased on a sustainable basis.
