Part of a series on. There is an increasing trend within both the study of visual culture and fashion itself to restore fashion to an aesthetic role - one that moves beyond its commercial success as a global industry and places fashion within a nexus of art, the body, and femininity.

Guy Sircello has pioneered efforts in analytic philosophy to develop a rigorous Public Religions in the Modern World. Merchandise Mart Plaza, p. The question of what can be said, and what can only be experienced, and how these two issues may be reconciled, become questions that fashion addresses on an almost daily basis.

The principal complexity is connected with a sense of ambiguity. Mathematical considerations, such as symmetry and complexity are used for analysis in theoretical aesthetics.
